

# Fennemore Foundation

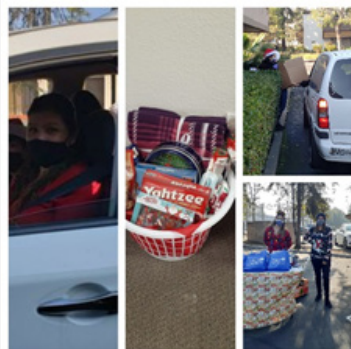

## “What you give to humanity you get back.” - Melvin Jones

At Fennemore, giving back to the communities where we live and serve is part of our DNA. Our attorneys and allied legal professionals donate their time, talent and treasure in numerous ways, including legal aid and pro bono services.

The Fennemore Foundation supports a wide range of civic, cultural and charitable organizations for all team members and their families to make a positive impact on the lives of those who live within our geographic footprint from Colorado to California.

Over the years, the Foundation has supported many nonprofits. Some of the dynamic activities have included: planting gardens; painting classrooms; numerous walks in support of worthy causes, helping at a variety of food banks; coordinating toy, purse, sock and school supply drives; and serving meals at homeless shelters.

### Fresno

Our volunteers in Fresno supported the Focus Fresno's Christmas Drive-Thru event. Despite not being able to gather for a catered dinner, the event still provided families with gifts, resources, much needed food, and the same holiday cheer we all needed this year. Santa took safe photos with families passing through in their cars and families received PPE, Dutch Bros. gift cards and family baskets full of games, goodies and household products.

### Reno

Our team members in Reno recently collected school supplies for Communities in Schools Annual Fill the Bus. Communities in Schools serves more than 8,000 at-risk students in the Washoe County School District.

### Phoenix

Some of our Phoenix volunteers spent a morning filling boxes at St. Mary's Food Bank Alliance.

To learn more on how you can support and participate in events supported by the Foundation, please contact Susan Wissink or Melody Tolliver.
